

PE sport funding

The government is providing funding of £150 million per annum to provide new substantial school sport opportunities. This money will go directly to Primary School Headteachers to spend on improving the quality of sport and PE for all their children.

Here at Carlton Academy PE & Sport plays an important role in making our mission statement a reality for every pupil. We want to '*Create a Haven in which children flourish*'. This Haven may well be in the sporting opportunities and physical activities our school provides.

As our school expands and our children mature so does our passion for children to develop the important qualities that come through participating in PE and sport, qualities such as; discipline, resilience, communication, team work, and ambition, leading to improved concentration, attitude, and academic achievement.

For the academic year 2016/2017 our funding will be £8,900 and we plan on utilizing this money in the following ways.

Nature of Support

High Quality Physical Education: Raising standards of all our children in Physical education.

After having 2 successful years working with the services from the "School and Sports Partnership", which includes specialist multi-skill coaches (Multisport Pro), we have decided to utilize their skills and passion for another year. We hope to integrate the after-school provision they provide the children as an opportunity to work alongside our primary teachers to achieve high quality teaching and learning in lessons and in the other after school clubs. They will also provide teacher lesson plans to make sure there is a continuity of high quality PE provision throughout the school in any lesson.

Competitive School Sport

We hope to give our Year 3's the opportunity to take part in competitive opportunities throughout the year to get them used to this area for later on in school life.

Healthy Active Lifestyles

Ensuring all our children have access to regular exercise through a range of different schemes.

New equipment

An investment in new KS2 equipment is paramount to ensuring rich provision of PE. As our school grows so should the access to a range of equipment to suit the many different interests of our children.

Self- Review & Quality Assurance:

Measuring the impact of the funding through termly reviews and the support of other professionals.

We believe that this demonstrates excellent use of the funding at Carlton Academy and adds to our ethos of '*Creating a Haven in which children flourish.*'. We will continue to look for other ways in which the sporting provision can be improved and how we can develop the delivery of the curriculum, especially as our school continues to grow and the interests of our children grows wider.
