MESSAGE FROM MRS MALAM

It's been an amazing year where we've finally started to do all the things we love again here at LCA, particularly around parental engagement. I have received thanks, words of support and kind phone calls regarding all the most recent events we've had. Thank you it really means a lot to the staff here. The children have also loved seeing you in their school and I have loved watching the pride on their faces.

All that remains is for me to wish the Year 6s well in the next stage of their education. You will smash it. We will miss you so much but know that you will be great ambassadors for what we stand for at LCA. I also want to wish all the other children a fantastic break from school. It's been an exhausting last week of school with the heat and we're all tired but they have been marvellous as ever.

See you for a 8:50 start (KS2) or 8:55 start (FS or KS1) on Tuesday 6th September.

DATES FOR THE DIARY

First Day of term
Tuesday 6th September 2022

TERM DATES 2022- 2023

For next years terms dates please see link below:

REMINDER - PLEASE READ

FOR RECEPTION, YEAR 1 AND YEAR 2

Please be reminded the end of the school day from September 2022 will now be 3.25pm.

ONLINE SAFETY

Please find attached a poster that shows how you can be in control of the privacy settings on your child's phone, to support online safety over the summer holidays.

Please continue to have those conversations about reporting anything that makes the children feel uncomfortable or worried about what they have seen online.

Please remind them that age restrictions are there for a reason and how important it is to keep everyone safe.

RECEPTION

We have had a brilliant year in Reception! We are privileged to be the teachers of the Robins and Blackbirds and have loved watching each child develop individually and as friends. We have shared lots of play and learning and I hope they remember our fun times this year 😊

YEAR 2

After the sweltering heat of the last few days, it was lovely to see the children playing outside for our Summer WOW day. We have created puppet shows, made boats, made bubble wands, and played in the sand and paddling pools. The fun and laughter was a fitting end to a happy and successful year. Well done Year 2, we will miss you! From the Year 2 team.

YEAR 4

The year 4 teaching team have too many highlights to name all of them, but we must commend the children on their magnificent efforts all year round. It has been a joy to spend the year with a wonderful group of children and get back to some sort of normality in school again. We began as Roman Soldiers, then moved through the digestive system, before taking a tour of the mountains and the feudal system. Henry VIII shocked us, but no more than discovering about coastal disasters and plastic pollution. Finishing with the children's first school residential, they have made us proud every day! Good luck in year 5 everyone; we will miss being in class with you.

Thank you all for your continued support this year, see you in September!

YEAR 1

Year 1 have had an amazing year! We're very proud of the children and what they've achieved this year. We've had some great experiences and trips together! We hope they all have a lovely summer holidays. Good Luck and Goodbye from Miss Catten! The rest of the team are excited to see what you achieve

YEAR 3

Year 3 have worked tremendously hard this year and made us very proud. They have learnt many things this year from how a volcano erupts to how earthquakes occur as well as the history behind the ancient city of Pompeii. The children have also studied life in stone age times and built their own weapons out of natural resources. The graffiti art went down a treat and we have some very talented artists amongst our children. Having the chance to use the spray paint was exciting and something new to experience. In our Geography learning we have explored life in the Amazonian rainforest and compared this with other biomes. The children wrote some passionate speeches about saving the rainforest and wrote a beautiful story based on the great Kapok tree. Our final topic looked at segregation, our children showed compassion and love throughout and their biographies on Rosa Parks were excellent.

YEAR 5

Well, what a year. We have been to the space centre, PGL and explored a lot of other places through the power of reading! We have thrown ourselves into multiple topics that have made us step out of our comfort zones. The children have grown in many ways they have grown personally and as academics. Miss Longney and I know that they will thrive in the final year here at LCA. We wish them luck and enjoy being the role models, the little people look up to you do yourselves proud.

YEAR 6

It is hard to believe that we are saying goodbye to our wonderful Year 6 children, but what a final year of primary school it has been! The children have worked their socks off - quite literally today as they cool down in front of us with their feet in trays of water!! They have made us proud at every turn, from their intrepid exploits on the residential to their performance in an amazing end of year production, plus everything else in between. They have acquired new knowledge, honed a range of skills and are well and truly ready for the next adventure. We wish them the very best of luck in all they do!
